The annual election of officers of the Bu'falo and State Line Railroad was held on Tuesday. The officers of last year were reelected. They are as follows:

George Palmer, President; Dean Rich ond, Vice President; R. N. Brown, Superutendent. Directors-George Palmer, Jas S. Wadsworth, Joseph Field, Daniel Drew. Dean Richmond, John Wilkinson, Charles H. Lee, llenry L. Lansing, llamilton White, Alanson Robinson, George W. Patterson, Charles Moran, and William Keep. For the past few days passengers going lown Lake Onlario on the steamers have

found it difficult to get from Niagara Falls Lewiston in time to connect, from the tofore in the afternoon to Lewiston. The onsequence is, passengers who intend to take the boats down the lake are obliged to be conveyed in omnibuses over Suspension Bridge to the Ontario railway, and are then aken to the mouth of the river at Niagara 'ity, where they meet the boat. This is ne to "eut the corns" of the Grand Trunk Railway, which company controls the steamers on Lake Ontario, thereby making such rates as they deem proper, and somewhat nterfering with the business of the Central road. There is considerable feeling getting up on the part of all the railroads in the States against the Canada roads for diverting traffic which, they claim, legitimately should be confined to our own side; and articularly against the Grand Trunk, which has its terminus at Portland and Detroit, both ends of over 1,100 miles of track in American territory. The agitation of the reciprocity treaty is directing attention to this matter of the policy in allowing Canadian railways doing the business that

ance to vessel owners, and in fact to the whole commercial interests. University of Louisville, LAW DEPARTMENT, FIFTEENTH SESSION
